Dear Mr. Felton: Bill Jackson turned over to me your letter in regard I had a talk with him yesterday, STAT and found him a most attractive young man and very much the type whom I think we could use. I have asked to STAT let me know what he decides within the next week or so, at. which time I will send him all the forms to be made out. I believe that if he decides that he wants to come with us, we can find a proper spot for him. Thank you very much for bringing STAT attention, and I can assure you that we are always interested in hearing about qualified candidates. Sincerely, STAT Mr. C. C.
